Just catching up with emails.

Joanne Rodman indicated to me and Gary in a phone conversation that she would get an extension.

Gary is working on this with Fred H and Dayna Gibbons and can provide a status update.

Suzanne,

This control is currently sitting with Gary Foley. I understand from Cindy's call with Fred and Jeanne that the due date was not an issue.

However, I am adding Gary on this note for a status update.

Kind regards,

FYI - Fred H. and Jeanne B. asked to have a call with Cindy and Gary Foley this morning regarding the letter. They had got notice of it coming through before it was in the CMS system. I let Cindy know that this is now in CMS and our due date is 1/24.

Herb, Subhas & Alice,

Attached is the request letter and citizen information sheet on a Controlled Correspondence (AX-13-0001-0679) that is due 1/24/13. Senators Vitter and Inhofe are seeking a response from the EPA regarding the draft report "Investigation of Ground Water Contamination near Pavillion, Wyoming".

This control requests that NRMRL prepare a draft response for OCIR's signature, after coordinating with Reg 8.

*(See attached file: AX-13-000-0679\_request description.pdf)(See attached file: AX-13-000-0679\_citizen info.docx)*

Please advise on who should prepare the response. NRMRL's response is due back to ORD by 1/24/13.

Thank you,  
Suzanne
